

Full Title

-Subtitle (if necessary)-

Andy Chen and Bob Lin

Institute of Materials Science and Engineering, National Taiwan University

No.1, Sec. 4, Roosevelt Road, Taipei, 10617 Taiwan

Below is an example of writing equations.

$$U = \Delta \quad (1)$$

$$G(E) = \frac{1-n}{E-E_0} + \frac{n}{E-(E_0+U)} \quad (2)$$

Equation numbers are referred like this: Equation (2).

You can place figures as below.

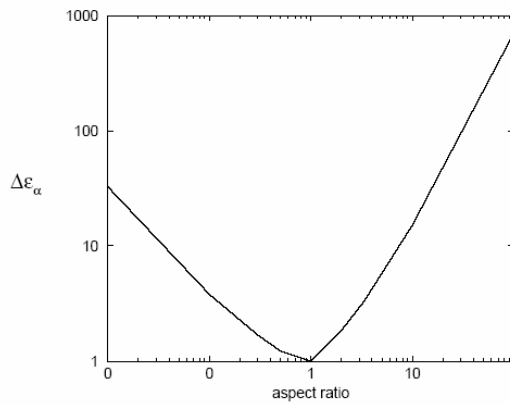

Figure 1 Caption of the figure.

You can write a table as below.

	A	B	C
X	1	2	3
Y	1	2	3
